SOUTH SIDE.

Tempe, Ariz., Aug. 18.—(Special Correspondence of The Republican.)—About thirty people went to Phoenix today to be present at the county democratic convention.

W. Appleby arrived by express this morning a young Jersey bull from Wisconsin. It is a blooded animal, the express charges on which taxed Mr. Appleby's pocketbook to the extent of \$50.

Last night H. F. Collins got stuck in the river with a wagonload of calves. Stacy Penn went down with his leg team and pulled him out.

The Maricopa train this morning contained one car of lumber, one car of wool, two cars of merchandise and five empties.

John Melton has returned from his attempted trip to Globe a wheel. He was unable to cross the Gila.

Mr. Rodman, the Tonto gentleman, is in the valley again.

A. J. Peters will ship two cars of Lay tonight.

Rob Finch has left for Pinal, where his family is spending a few weeks.

Col. Christy of Phoenix is on this side today.

Yesterday evening Chet Cummings bought all the War Crys in a job lot which a Salvation Army girl was offering for sale. Chet's motive has not been learned, but he is a generous young man. He gave two of them to John DeWitt, as he thought that young man would not think of them lightly, but make good use of them.

He was not mistaken, for that young gentleman turned missionary and traded them for a watermelon and treated the crowd.

Georgia Wheeler left last night for Colorado.

Romey Root has gone to San Francisco to enter a medical college where

he intends to take a complete course in medicine.
Ora J. Haggarty has sent a letter to a friend in Tempe stating that he intended to leave Colorado and come back to Tempe and engage in the bee business.

MESA.

Mesa City, Ariz., Aug. 18.—(Special Correspondence of The Republican.)—About fifty people went to Phoenix today from the mesa to be present at the democratic and populist county convention.

There are 2,000 inches of water in the river this morning. It rained 1.50 inches last night and indications are that it will rain again tonight. Zander Williams says that not any of the rains in the mountains have been more than a half mile wide. This would seem strange to those unfamiliar to Arizona when they contemplated the amount of water which has tumbled down the Salt this summer.

Nat Brundage drove down to Phoenix this morning on business.

Messrs. Code and Salter have begun a large well for a fine residence they will begin the erection of early next week.

Johnson Bros. shipped sixty crates of fruit today.

C. C. Dana and family and Isaac Dana and family leave for Flagstaff next week accompanied by Mrs. Dana Robinson and her son.

The infant child of J. F. Rany was buried here yesterday afternoon.

The Chandler Electric Light company has received a sixty-five horse power dynamo which will be used in furnishing light to the town of Tempe.

Dr. Brock and Ben Goldman have lost a \$5 hat on the election of D. Murray for sheriff. Mr. Goldman taking his money on the belief that Mr. Murray will not be elected.

The Mesa delegation to the democratic convention returned this evening very well satisfied with their day's work. It indicates do not fall they will be the happiest delegation to return tonight that ever returned to Mesa from any convention.

Justice Romero tried a case yesterday which developed into something rather curious. K. W. Payne has been working for several months for Baxter McCreary, who has a fruit orchard on the mesa. Yesterday morning his work was finished and he received his pay. Later in the day he presented to B. M. Johnson an order for \$2 on Mr. McCreary. Mr. Johnson knowing that the bearer of the order had been working for Mr. McCreary, honored the order and a few hours later it was learned that the order was not good for the reason that Payne had received his money. When brought before Justice Romero he admitted having presented the order and while he had on his person the money received as wages from his employer. He was fined \$20 and not allowed to pay it until it was sent to twenty days in jail.

MARQUETTE'S CLAIM TO FAME.

The Postoffice Department Explains It to a Correspondent.

Washington, Aug. 18.—The question as to the right of Father Marquette to figure as a leading actor in the history of this country has been brought forward again in connection with the fact that a picture of Marquette sailing down the Mississippi is borne on the one-cent Omaha exposition stamps. A correspondent of the postoffice department writes that he had made search to ascertain what claims Marquette has to the distinction thus given him, with the result that history showed Marquette to have been a foreigner and a Jesuit, but not marked as a man of note either in literature or science. Information was asked as to what his great merit was.

John P. Merritt, third assistant postmaster general, answered that the object of the promoters and managers of the Trans-Mississippi exposition is to foster commendable pride on the part of the inhabitants in the progress of their section, and to demonstrate its growth. Anything pertaining to the men who were most conspicuous and helpful in blazing the way to those sections, and laying the foundations of civilization is, therefore, fraught with great interest. It may be claimed, he adds, that Marquette did not discover the Mississippi, but like Americus Vesputi, he continued the explorations and America is named after the latter.

"As to the religious belief of Marquette," says Mr. Merritt "it never entered into or influenced the selection of the device, one way or the other, and as to the fact of Marquette being a foreigner, he performed services enough as a pioneer to earn his citizenship, and his bones still lie buried on the west shore of Lake Michigan. Columbus was also a foreigner for that matter."

HOW THE STATES WILL BE PAID.

The War Department Preparing to Return the Mobilization Expenses.

Washington, Aug. 18.—The auditor for the war department is preparing to pass upon the claims of the governors of the several states and territories for expenses incurred by them in aiding the United States to organize, supply and equip the volunteer army in the war with Spain. Rules have just been issued for guidance of those making these claims against the government. Original itemized bills must in all cases be given or satisfactory receipts for their omission be offered. Receipts for money actually paid must in all cases be furnished.

No reimbursement can be made for any costs, charges and expenses incurred and paid on account of men who were not accepted, and only for transportation from place of enrollment to place of acceptance. No interest can be refunded by the United States upon money borrowed by the governor of any state or territory, nor for any amount paid out by him in the equipment of state troops.

The rules and regulations prepared by the secretary of the treasury for the settlement of claims under the act of July 27, 1891, may be taken as a guide as far as the same shall be applicable to the settlement of claims under the act of July 8, 1898. The account, with claim, must in all cases be accompanied by a certificate of the governor that the account is just and correct, that the services were rendered and the articles furnished as stated.
